SUPPLEMENTAL PRELIMINARY AMENDMENT TO PROVIDE  
CORRECT SUBSTITUTE SPECIFICATION

Honorable Commissioner for Patents  
Washington, D.C. 20231

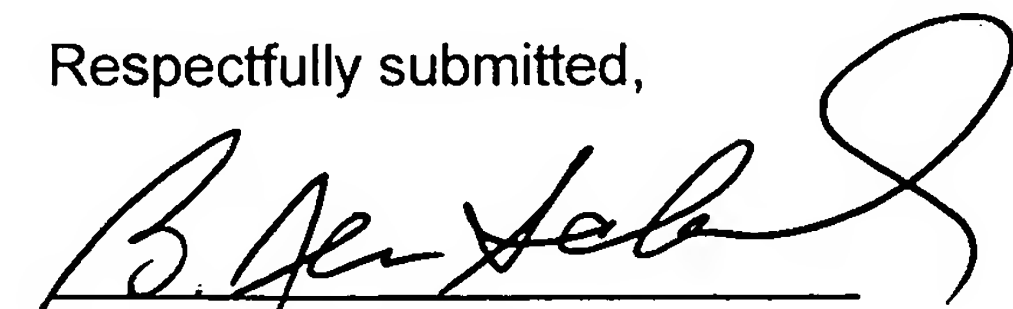

SIR:

Applicants provide herein a correct copy of the original specification which should have been submitted in place of the application filed with the response dated March 11, 2002. As can be observed by reference to the specification filed with Applicants' response of March 11, 2002, the specification that was provided was an inadvertent copy of a specification which did not match the specification filed in this case on December 21, 2001.

Accordingly, Applicants now submit the enclosed Substitute Specification which is an exact copy of the specification as originally filed December 21, 2001, and request that the attached specification be substituted for the one inadvertently filed on March 11, 2002.

Should there be any questions regarding the enclosed, the Patent Office is requested to telephone the undersigned counsel. Favorable consideration of this request is earnestly solicited.

Respectfully submitted,

B. Aaron Schulman
